December, 2011

To All Town Clerks and Supervisors

Enclosed you will find a copy of the proposed Text Amendment to the Jefferson County Zoning Ordinance and the proposed Zoning Maps for all 16 towns. The text and map amendments are required in order to remain compliant with Chapter 91 Wis. Stats., Farmland Preservation and DATCP's recertification process under that program. The proposed text and map amendments are based upon the Agricultural Preservation and Land Use Plan that by now, most of the Towns have reviewed. The Agricultural Preservation and Land Use Plan went to public hearing on December 15, 2011, and is scheduled for County Board action at their February 14, 2012 meeting.

The public hearing for these Text and Map Amendments will be held by the Zoning Committee on January 19, 2012. Action on the Text and Map Amendments by County Board is scheduled for their March 13, 2012 meeting.

We are sending the public hearing notice and text and map amendment packet out to the Town Clerks and Supervisors as early as possible, so that by the March County Board meeting we hope to have a majority of Towns' responses so that action can be taken with the opinions of the Towns in hand.

You can find all of the ordinance information on our webpage at www.jeffersoncountywi.gov/jc/public/jchome.php?page_id=134. If you have any questions or comments regarding the text or map amendments, please feel free to contact me at 920-674-7113.

Thanks,

Rob
