WHAT IS LURE COURSING?

Lure Coursing is a performance event developed in the early 70's as a sport for sighthounds that would recreate the physical requirements of open field coursing and allow owners to test the abilities of their dogs. The hounds chase plastic bags along a course laid out to simulate escaping game.

Many dogs love the thrill of the chase – not just sighthounds. It doesn't matter if your dog is a Chihuahua, Great Dane or a mix of anything in between – if they love to chase things, they will LOVE Lure Coursing! If you think they won't – you may be very surprised when your dog goes nuts for the lure!
